Conversation Through Serious Illness: Lessons for Caregivers:

1 of 1 review helpful Very helpful By Dawn My mom is fighting cancer and none of us like to talk about death or the feelings associated with it This book talks frankly about the patient and caregiver giving you lots of food for thought and the courage to have those conversations and the appropriate time to do so 1 of 2 review helpful Title Misleading By Carol Ann Ray Every day thousands of people receive a diagnosis of serious life threatening illness and their families and friends suddenly become caregivers Despite the best of intentions it is not always easy to communicate well under these circumstances or find deep empathy for something one has never before experienced When is it best to speak and when to be silent How can someone provide real comfort and how can relationships with loved ones facing serious illness be enh This book is unique in that it includes health care professionals in the category of caregivers Clinicians are not only having these conversations with their patients but are also advising and guiding family and friends who may feel uncomfortable and inexperience
