By John M. Lore, Jesus Medina : An Atlas of Head and Neck Surgery, 4e buy dental books books electronic online at ebooksmedicine update all of the latest dental books cheapest litfls critical care compendium ccc comprehensive collection concisely covering the core topics and controversies of emergency medicine and critical care An Atlas of Head and Neck Surgery, 4e:

0 of 0 review helpful Excellent classical textbook for ENT surgeons By Bjorn Eriksson This is a great textbook for residents registrars in Otolaryngology and it provides an excellent way to review highpoints and pitfalls of any open H N surgical procedure before going to the OR The FESS chapter however is only 7 pages and the sinonasal operating techniques described are more classical so for more modern descriptions o Completely revised and expanded the

fourth edition of this popular atlas has been updated to include the latest techniques and most current developments in the field Features over 1400 detailed illustrations full color design new chapters on microvascular surgery skull base surgery and endoscopic sinus surgery and a greatly expanded section on the neck Uses more than 1400 outstanding illustrations to capture the preferred techniques of 39 world leaders in An outstanding surgical atlas and should be in the library of all surgeons who perform head and neck surgery American Journal of Otolaryngology Volume 10 Issue 4 July August 1989 Page 299 review of the previous edition A revised and expanded
