From Cambridge University Press : Silverberg's Principles and Practice of Surgical Pathology and Cytopathology 4 Volume Set with Online Access Silverberg's Principles and Practice of Surgical Pathology and Cytopathology 4 Volume Set with Online Access:

3 of 3 review helpful Very disappointing dreadful quality of illustrations By Aussie Unfortunately the illustrations in this book 5th edition 2015 are of dreadful quality Most of the microscopic photographs are blurred and or their colours are washed out with loss of contrast such that they are of little to no value in illustrating the diagnostic features Even

the simple schematic diagrams suffer from the same poo Silverberg s Principles and Practice of Surgical Pathology and Cytopathology is one of the most durable reference texts in pathology Thoroughly revised and updated this state of the art new edition encompasses the entire fields of surgical pathology and cytopathology in a single source Its practice oriented format uniquely integrates these disciplines to present all the relevant features of a particular lesion side by side Over 4000 color images depict clinical feat
