## Success in Academic Surgery: Health Services Research:

Surgical education is a rapidly expanding area of surgical research and career interest and as the Association for Academic Surgery AAS Fall Courses [www.aasurg.org](http://www.aasurg.org) and International courses offer more and more specialty tracking there is a greater need for an accompanying textbook to supplement the material presented in the courses. Success in Academic Surgery Health Services Research is a unique and portable handbook that focuses on clinical trials. From the Back Cover Success in Academic Surgery Health Services Research is a unique handbook which will help researchers and surgeons in obtaining National Institutes of Health funding and other grants as well as breaking through the barriers to development.
