0 of 0 review helpful A must have for anyone worried how to deal with emergency medical issues By MS This book would be great for the medical professional but even those who are not can learn from it and may be in a better position to deal with a serious wound 0 of 0 review helpful Five Stars By Tammy Lynn Came in perfect condition 3 of

3 review helpful This is a handbook of war surgery Its lessons have been learned and then taught by combat surgeons War surgery represents no crude departure from accepted surgical standards A major responsibility of all military surgeons is to maintain best principles and practices as fully as possible even under adverse physical conditions
