By Nancymarie Phillips, Patricia Sedlak : Workbook for Phillips/Sedlak's Surgical Instrumentation (Phillips, Surgical Instrumentation) Workbook for Phillips/Sedlak's Surgical Instrumentation (Phillips, Surgical Instrumentation):

0 of 0 review helpful Not for me Probably good for young OR trainees that already know the instruments and names

By Customer Not what I was looking for I was looking for something that had the names of the instruments used in surgery This book is basically for any surgical OR staff and not a MTE Basically it gives you an instrument and you have to name it which is not very helpful when I do not know the name of th This comprehensive detailed surgical instrument text encompasses basic through advanced concepts The book presents individual instruments in collections and similar types by function and explores their common uses The construction of each instrument is broken down in detail The instruments are categorized in a consistent order and the logic of set assembly for procedures is described at an understandable level It is an ideal book for surgical personnel of all discip About the Author Nancymarie Phillips RN BA BSN MEd PhD RNFA CNOR E is Professor Emeritus at Lakeland Community College in Kirtland Ohio where she was Director of Perioperative Education and the Surgical Technology Program Director A perioperative nur
