4 of 4 review helpful The Kindle Version is useless By Julian Noche Mu ntilde oz The Kindle version is completely

useless I have the Kindle in my computer and also in an android tablet After i have downloaded the kindle book after opened the page are to small i cannot read easily and the kindle version does not have the zoom in tool So now i have a really big problem reading this book So i don t recommend the kindl A step by step look at a growing and difficult to understand area Covers important aspects of ICD therapy with full page illustrations accompanying text and representative ICD recordings An accompanying CD is also available Useful for all health care workers involved with ICD patients Overall this is a good introductory book to ICD implantation and the relevant science behind its use Doody s s June 2009 From the Back Cover The implantable cardioverter defibrillator ICD has undergone spe
