By Andrew R Block, William W Deardorff, Richard D Guyer, Robert J Gatchel PhD : The Psychology of Spine Surgery neuro spine pain homepage the neuro spine and pain center is a spine specialist center dedicated to back pain and neck pain relief by quality spine at the hss spine center the worlds best clinical team will come together to provide the best spine care for you from comprehensive nonsurgical treatments to The Psychology of Spine Surgery:

This work covers the psychosocial and physiological influences affecting spinal surgery from evaluation to preparation and post operative rehabilitation. It translates results from the field's leading researchers into directly applicable protocols to create assessment and treatment frameworks for use with patients suffering chronic intractable back pain. It should be useful for psychologists, orthopaedists, neurosurgeons, physicians, and nurses as well as students of medicine.

[FREE] hss spine center hospital for special surgery
