This book systematically covers all the main topics involved in the current practice of a congenital cardiac surgeon. It incorporates current guidelines for practice and up to date information based on current literature. Each chapter includes the etiology, pathophysiology, clinical features, indications for surgery, peri-operative management, surgical options and postoperative care. About the Author: Narain Moorjani is based at Papworth Hospital, University of Cambridge, UK. Nicola Viola MD is based at Southampton General Hospital, University of Southampton, UK. Christopher Caldarone is based at the Royal Infirmary of Edinburgh, University of Edinburgh, UK.
